

DIN PK LITTER BINS

Dimensiones

Volumes

A	Total height in mm ~	595	Nominal volume (L)	50
B	Depth in mm ~	256	Empty weight (kg)	5,0
C	Total width in mm ~	432		
D	Height insertion opening in mm ~	106		
	Slot in mm ~	300 x 106		

MATERIAL AND DESIGN

- Polymer components injection moulded from specially designed plastic
- Resistant to decay, frost, heat and many chemicals
- Special UV-stabilisation provides excellent ageing characteristics
- Metal components are corrosion resistant (assembly parts are galvanised)

QUALITY

- Complies fully with quality requirements of former DIN 30713 standard
- Certified management systems according to DIN EN ISO 9001 and DIN EN ISO 14001
- Constant supervision of quality through own laboratory and independent institutes
- High quality materials and most advanced manufacturing processes for long service life
- All container parts are recyclable
- Additives are cadmium free and environmentally friendly

HANDLING

- Easy to assemble
- Can be mounted on walls or posts
- Hood for protection from rain
- Prevents depositing of bulky waste
- Smooth surface makes cleaning easy
- Handle and grip cavity at the base for quick and easy emptying
- Easy and hygienic emptying (optional: body exchange)
- Handle on body
- Metal sheet on the rim protects from damage from extinguished cigarettes
- Stackable
- Eye catching
- Individual markings on request
